Hi Friends,

What a great summer so far! Just got back from two Courses in *Montana*, what fun.

People came from WA, MN, UT, and ID to participated in a 10 and 14 day Course. The horses were awesome teachers as always and we were able to dive into more concepts at Liberty and advancing bridless riding.

You are the first to know about my first DVD that will be released in the next couple weeks. It is at the publishers now! This has been a long time coming for me and many students have been asking for it. Since I was on tour with Pat in 2003 a lot of people haven't seen me with my horses. I am so excited to share inside my world with you all. With the help of David Ulloa at Valeo films the whole thing came together just as I wanted. We had 5 days of filming and still could have done more! There is so much to show. Which leads me to DVD #2, #3 and so on! :) Well that will be for next year…

Thank you to all of you that kept asking/pushing me to do this!

I will notify everyone as soon as it is up on my website, keep checking back.

MEET

DUBAI

It's been a blast getting to know my new friend, Dubai. He is a 11 yr old Westphalian and was in need of a retirement/natural home. His long journey from Germany as a 4 yr old, to almost making it to the Olympic trials in Dressage has been a lot for him. He is enjoying some time off and playing at liberty. He is a Lead, and wow talk about intuitive! Look for him in the future!

DVD NIGHT SHOTS:
With a fog machine making the whole indoor 'smoky' it was quite the challenge to play with my horses for the DVD shoot. They were all quite unsure about all this smoke?? It was very rewarding to see such trust, respect and consideration on their part.

A **huge** thank you to Inge for talking such amazing shots of me and my horses!!

Have a wonderful summer and I hope to see you soon!

NATURALLY,
AIMEE :)
